This program is provided to you at no additional cost, and your participation is completely voluntary. If you wish to opt out of the program, please call and speak to a specialty pharmacy team member.
- The Specialty Pharmacy program provides benefits such as managing side effects, increasing compliance with drug therapies and overall improvement of health when you are willing to follow your treatment plan.

- **Financial Information**

- Before your care begins, a staff member will inform you of your cash price, out-of-pocket costs such as deductibles, copays and coinsurance, as available.
- We will submit claims to your health insurance carrier and, if your claim is denied, a staff member will notify you so that we can work together to resolve the issue.
- We will notify you if we are an out of network pharmacy and will provide you with the cash price of the medication upon request.
- Our team has access to financial assistance programs to address financial barriers to starting your medication. These programs include discount coupons from drug manufacturers and assistance from various disease management foundations. We will assist you with enrollment into such programs, when available.

- **Filling a Prescription**

- Your physician can send us your prescription, or you can provide it to us in person or through the mail.
- You will be contacted by a team member 5-7 days prior to your refill date. If you would like to contact us for a refill, you can call us and speak to a pharmacy team member to process your refill request.

- Please call us if you would like to receive your medications from another pharmacy. We will assist you in transferring your prescription to the appropriate pharmacy of your choice.

- **Drug Substitution**

- Our pharmacy strives to find the most cost-efficient option for you. From time to time it may be necessary to substitute brand name drugs with a generic drug option. You may also request that a copy of your PHI be provided to another person.

Right to Amend. If you feel that the PHI we have about you is incorrect or incomplete, you may ask us to amend the information although we are not required to agree to the amendment. Right to Request Restrictions. You have the right to request a restriction or limitation on the use or disclosure of your PHI for treatment, payment, or health care operations. We are not required to agree to your request unless the request is to restrict disclosure of PHI to a health plan for purposes of carrying out payment or health care operations, and the PHI pertains to a health care item or service that you paid for out of pocket. In that case, we are required to honor your request for a restriction.

Right to Request Confidential Communication. You have the right to request that we communicate with you about health matters in a certain way or at a certain location. We will accommodate reasonable requests. We may require information regarding how payment will be handled or specification of an alternative address or other method of contact as a condition for accommodating your request. We will not ask you for an explanation of why you are making the request.
